

# 123 SHELVING

Shelving. End Panels. Canopy Tops.

# Shelving. A repository of information. An inventory of ideas. A storehouse of imagination.

Worden is a leading manufacturer of custom shelving—end panels, canopy tops and shelving. Build your shelving units in three easy steps.

---

## Step 1. Steel Shelving

1. Determine the width, depth and height of shelving required
2. Single or Double Face
3. Begin with a Starter Unit
4. Connect Adder Units to get your desired length of shelving run

Single Face

Double Face

Cantilever Library Shelving System accommodates your needs unlike any other shelving available. Designed to be functional, versatile, and aesthetically beautiful. Our components are fully interchangeable allowing you to expand or reconfigure as your needs change. And, numerous quality construction features such as superior multi-bend uprights, sturdy brackets, adjustable levelers, and a powder coated paint finish also provide durability, practicality, and flexibility that offer years of quality performance.

## Step 2. End Panels

Worden offers a full array of beautiful end panels. Offered in many motifs, our end panels match or complement most of our product lines. Or, customize according to your own design. Worden effortlessly incorporates display features, OPACs and signage to create end panels that are not only fine looking, but highly purposeful.

- (B) Alcott End Panels
- (C) Tempus End Panels
- (D) Folio End Panels

### Step 3. Canopy Tops

Dress up your steel shelving with beautiful wood or laminate canopy tops while protecting stored items from dust, dirt, and water damage. Offered in many styles, our canopy tops match or complement most of our product lines. Or, we can help you create a one-of-a-kind look with your own custom design.
