Worden warrants the products sold to be free from material defects in material and workmanship.

During the Warranty Period, Worden's sole obligation and the Customer's sole remedies pursuant to this Warranty are limited to repair or replacement, at Worden's option, of any product, part, or component covered by this Warranty and sold after the effective date of this warranty which fails under normal use and service as a result of a material defect in material or workmanship.

PURCHASER ACKNOWLEDGES THAT IT HAS NOT RELIED ON ANY REPRESENTATION OR WARRANTY MADE BY WORDEN, OR ANY OTHER PERSON ON WORDEN'S BEHALF, EXCEPT AS SPECIFICALLY PROVIDED HEREIN.

FREIGHT POLICY (Effective 2.1.2022)

All freight is FOB Origin (Holland). FOB Origin refers to the legal fact that the buyer assumes title of the goods the moment the freight carrier picks up and signs the bill of lading at the origin or pick-up location. With Worden, this is not an indication of freight charge responsibility. Unless indicated, product quoted by Worden includes freight charges.

Claims for dedicated TL freight damage and or shortages require notification to your Worden Customer Service representative within 72 hours of delivery with notated BOL and packing list. TL or "Truckload" refers to freight that Worden controls from origin to destination.

Claims for LTL freight damage must be processed through the LTL carrier at time of delivery. A Worden representative will assist you as needed. Claims for shortages on LTL shipments require notification within 72 hours of delivery with notated BOL and packing list. LTL, or "Less Than Truckload" refers to freight that Worden does not control after point of origin. Freight damage becomes the responsibility of the carrier.

For any freight claim, document all pertinent information and provide reference photos or video.

Worden Transportation will determine best shipping method.

Customer request for dedicated truck load will be charged at a minimum of \$ 3.25 per mile or at the zone freight percentage, whichever is greater.

Worden will ship the method of your choice and will add cost differential to invoice.

Unload time of 2 hours included in freight charge.

Unload time in excess of 2 hours will be charged at \$100.00 per hour.

Deliveries on Friday after 12:00 pm will be assessed \$500.00 layover fee.

Saturday and Sunday deliveries will be assessed a \$500.00 layover fee.

Holiday deliveries will be assessed a \$750.00 layover fee.

Team deliveries will be quoted and added to invoice.

Storage fees will be assessed 7 calendar days after scheduled ship date at \$5.50 per sq. ft. per month, non-pro-rated, plus \$250 load/unload and handling fee.

Maximum allowable back charges when delivery arrives late and no other work is available for installation crew is 4 installers, up to eight hours each, at regional hourly rates.

Back charges must be approved and require notification to your Worden Customer Service representative within 72 hours, accompanied by a signed, dated and time stamped BOL and an itemized invoice detailing number of resources, hours detained and regional rates.

MINIMUM FREIGHT CHARGES (Effective 2.1.2022)

A wide-angle photograph of a modern library interior. The space is characterized by a large, curved wooden desk that follows the curve of a circular room. Several people are seated at the desk, working on laptops. The room is filled with bookshelves, and the ceiling is a complex, curved structure with a grid of white panels. The lighting is bright and even.
